- Java Virtual Machine (JVM)
- Compilation and Execution
- Garbage Collection

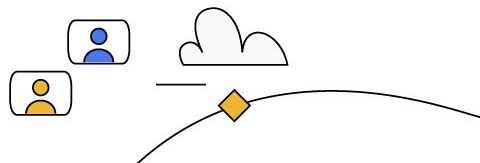

WHERE LEARN?

- Official Documentation
- Oracle Java Certification Tutorials
- Open Source Community

Java's Iconic Slogan

**“Write Once,
Run Anywhere”**

Java Downloads

1000000000+

In one year Java gets downloaded
one billion times.

Dominating Programming Language

95%

Java is used by 95% of the enterprises as their primary language

Java was originally called Oak

OAK

The name was changed to Java after the team realized that there was already a trademark for the name Oak.

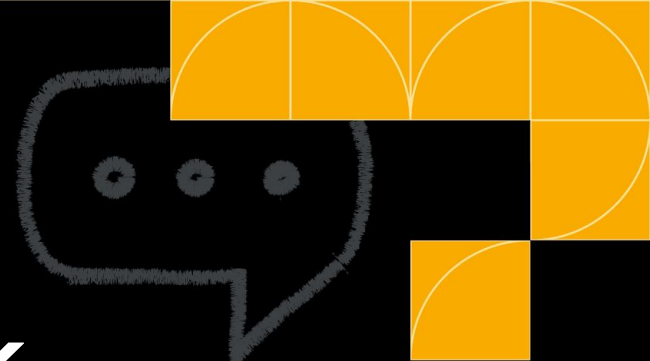

Get Started For a Reason

\$83, 975.00

A Java developer's median salary is
\$83, 975.00 in US

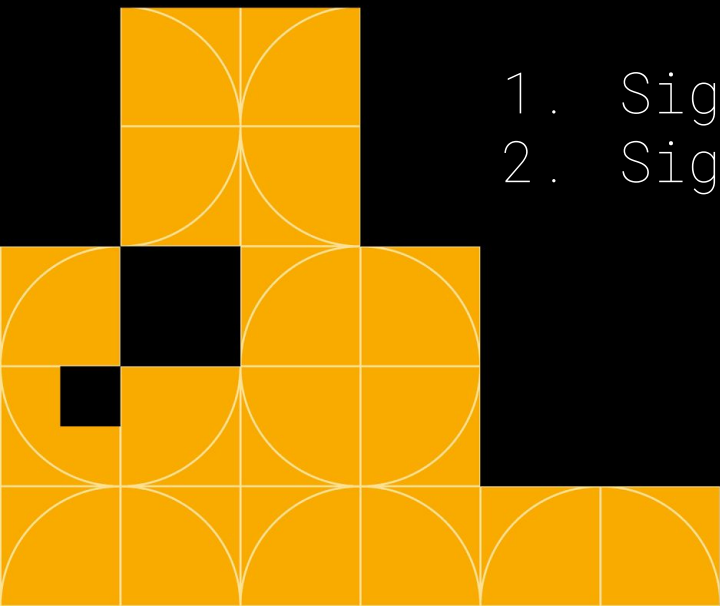

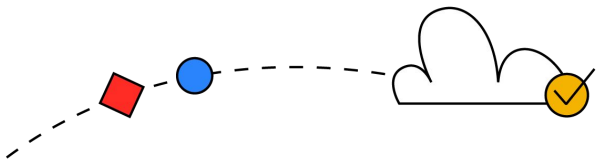

```
Text(  
  'Simple Statement or URL',  
  style: TextStyle(  
    color: Colors.yellow[200],  
  ),  
),  
),  
s.star,  
r: Colors.yellow[500],  
Text('23'),
```

Tomorrow's Task

1. Sign Up Github
2. Sign Up Leetcode & HackerRank

Thank you!
